August 18, 2022

Dear Neighbors,

We, the Sunflower Board of Directors, had to make the difficult decision to not re-Charter the Boy Scouts of America Pack 834 out of Sunflower. We did not come to this decision lightly nor do we have any ill will toward any member of Pack 834 or the Boy Scouts in general.

The Boy Scouts of America filed for Chapter 11 Bankruptcy in February of 2020 as it faced over 80,000 child sexual abuse allegations. Sunflower Village Homes was named in the lawsuit as a Charter Organization. While none of the allegations stemmed from Pack 834, there have been legal fees associated with Sunflower's involvement as the pack's Charter Organization. The bankruptcy case has not reached a final judgement yet. There may be additional legal fees before that judgement arrives. These legal fees are paid directly from the income we receive from every resident's dues.

We understand how this decision affects members of our community and how many disagree with this decision. Our consideration was for the neighborhood as a whole and the impact this suit has had thus far and will continue to have before the final judgement.

The Sunflower Board of Directors
